Pharmacists shall keep all certificates and other documented evidence of participation that have been issued by a non-ACPE accredited provider for approved credits for a minimum of one year following the year in which the CE was required for renewal. Pharmacists are only required to supply documentation as proof of completion when requested by the Board.

A pharmacist may satisfy some of the CE requirements by the following:

- Holds a current certification by a Board approved pharmacy practice-specific specialty certification program. The program shall require periodic recertification examinations and provide documentation that the pharmacist is currently certified in the program. The pharmacist must still earn and provide evidence at the time of license renewal of having completed at least 0.2 CEUs (2 hours) of pharmacy jurisprudence/law and 0.2 CEUs (2 hours) of medication errors/patient safety per CE reporting cycle.
- Provide healthcare services as volunteer in accordance with [section 4745.04 of the Ohio Revised Code](#). 0.2 CEUs (2 hours) of pharmacy jurisprudence/law and 0.2 CEUs (2 hours) of medication errors/patient safety per CE reporting cycle.

## **Jurisprudence (Law) Requirements**

Pharmacists have two options to meet the current requirement that they obtain C.E.U.s of pharmacy jurisprudence:

1. A.C.P.E. law programs as identified by A.C.P.E numbering convention "03"; or
2. If provided by an in-state provider of continuing education, Board approved continuing pharmacy education programs that deal with current laws, rules, and regulations dealing with the practice of pharmacy and the recent changes that have occurred to those laws, rules and regulations. A list of Board approved courses can be accessed from the Board's continuing education web site:  
<http://www.pharmacy.ohio.gov/Licensing/CE.aspx>.

It is the responsibility of the pharmacist to verify that they have obtained pharmacy jurisprudence that meets the requirements in OAC [4729:1-5-02](#) prior to attesting that their C.E. requirements have been met.

As a reminder, the Board of Pharmacy also offers free, online Jurisprudence CE. This no-cost quiz can be accessed by visiting the Board's continuing education web site:  
<http://www.pharmacy.ohio.gov/Licensing/CE.aspx>. The test is taken on-line and is graded immediately upon submission. You are encouraged to pre-print the exam, and you will have only two opportunities to take and submit the test for grading. A score of seventy-five percent is needed to pass. After successful completion, you will have the ability to immediately print your certificate and a copy of your certificate will also be emailed to you. Be sure to keep this certificate to use if you are audited. We are not able to upload successful completion of the exam to CPE monitor. Please note: Do not mail any quizzes to the Board office. We will not hand-process nor will we mail a certificate to you.
