RES. 99-136 Mr. Winsley next presented a letter received in the Board office from Mr. C. William Howe, Manager, State Government Relations for Pfizer, Inc. In his letter, Mr. Howe requested the Board's opinion as to the individuals who could properly prepare the written information required pursuant to the Board's new Rule 4729-5-17 (Labeling by prescribers who personally furnish dangerous drugs to their patients). Mr. Winsley also presented the draft copy of a proposed response. After discussion, Mr. Lamping moved that the Board approve the following letter of response. The motion was seconded by Mr. Littlejohn and approved (Aye-7/Nay-0).

C. William Howe
Manager, State Government Relations
Corporate Affairs Division
Pfizer Inc.
209 N. Walnut, Suite C
Lansing, MI 48933

Dear Mr. Howe:

You have written to me asking about the Board's intentions regarding Rule 4729-5-17. As you know, this rule has been filed and will be effective on June 1, 1999. In your letter, you asked who may prepare and distribute the written instructions for use for a dangerous drug that is labeled as a sample.

Paragraph (B) of Rule 4729-5-17 states that "the prescriber shall provide" the written instructions for use. You are correct in stating that the rule does not specify that the prescriber must prepare or distribute the written instructions and, therefore, this task may be delegated to another individual. You are also correct that the ultimate responsibility for this task would be the prescriber's. For that reason, the Board expects that the prescriber would, at a minimum, perform a final check on the finished product immediately prior to it being given to the patient.

To further clarify this, I would refer you to the Board's definition of dispensing as found in Rule 4729-5-01(B). The interpretation of this rule is consistent with the principles discussed above for Rule 4729-5-17. All technical functions relating to the dispensing of a dangerous drug may be performed by another, but the final check must be done by the individual authorized by law to "dispense" and the final responsibility for all of the dispensing functions rests with that individual.

I hope this explanation meets your needs. If you have any further questions about this issue, please don't hesitate to ask. This letter was reviewed by the Board at their February 9, 1999 meeting and will become part of the official minutes of that meeting.

Sincerely,

William T. Winsley M.S., R.Ph.
Executive Director

Ms. Abele moved that the Board appoint President Joseph Maslak as the Ohio Pharmacy Board Delegate and Board member Diane Adelman as the Alternate Delegate. The motion was seconded by Mr. Cavendish and approved (Aye-7/Nay-0).

The Licensing Report was distributed to the Board members by Mr. McMillen, Licensing Administrator, and discussed.

Ms. Abele moved that the Minutes of the January 4, 5, 6, 1999 meeting be approved as amended. The motion was seconded by Mrs. Neuber and approved (Aye-7/Nay-0).

Mr. McMillen presented a request from CedarFairmount Pharmacy in Cleveland Heights for an exemption from the requirements of Rule 4729-5-10 (Prescription pick-up station). After discussion, the Board decided to table this request until the March meeting so that more information could be obtained.
