- Home Medical Equipment Services Provider Registration (HMER): \$300.00
- eLicense System Transaction Fee: \$3.50*

**The eLicense System Transaction Fee will be assessed on each license/registration that is renewed in the eLicense Ohio system operated by the Ohio Department of Administrative Services. Licensing boards and commissions do not receive revenue from this fee. The transaction fee is nonrefundable.*

NEW for the 2020 renewal, if the HME provider has experienced a [change in address, ownership, and/or business name](#), a Change in Business Description should be submitted.

Effective December 15, 2019, [OAC 4729:11-2-05](#) requires any HME or HMER that experiences a change in address, ownership, and/or business name submit an application and fee. The appropriate application is known as a "Change in Business Description" available in the eLicense system.

The Change in Business Description will qualify as renewal for the license/registration and a renewal application will not be required. For instructions on submitting a Change in Business Description please review this [guidance document](#).

Please note: Any changes previously reported to the Board are on file and do not require a change application.

Each HME and HMER must have a Designated Representative submitted prior to the renewal of the license/registration.

Effective December 15, 2019, [OAC 4729:11-2-02](#) requires all HME and HMER to name a Designated Representative for the license/registration. To verify your designated representative, please utilize the Board's license search [here](#).

To submit a new or updated Designated Representative, utilize the Change of Designated Representative form available [here](#). Please allow up to 7 business days for processing.

Legal and disciplinary questions will be asked on the renewal application.

The applicant and designated representative should review these questions carefully, as failure to answer truthfully could lead to an investigation and possible action against the HME services provider's license/registration. Please review the full list of legal and disciplinary questions along with guidance [here](#).

The applicant and designated representative will be required to sign attestation pages and upload them to complete the renewal application.

The renewal application cannot be submitted without a signed attestation form by the applicant and designated representative. Both forms must be signed even if the applicant and the designated representative is the same individual.
