FINDINGS OF FACT

After hearing the testimony, observing the demeanor of the witnesses, considering the evidence, and weighing the credibility of each, the Board finds the following to be fact:

1. On or about December September 17, 2021, Baltek Randhawa was working at Giant Eagle Pharmacy, located at 36475 Euclid Avenue, Willoughby, Ohio, as a pharmacist. The following two incidents occurred and were reported to Giant Eagle management:
  - a. A patient arrived at the pharmacy's drive thru window to pick up a prescription. The technician informed her it was too soon to fill the prescription, but the patient stated she believed she may have been shorted or misplaced the prescription she had at home.
    - i. Mr. Randhawa went to the window to speak to the patient. The prescription in question was a "maintenance" non-controlled drug.
    - ii. Mr. Randhawa provided the patient approximately 33 tablets after reviewing the patient's profile and printing the label.
    - iii. Mr. Randhawa did not properly document the dispensing. He did not document the drug type, drug quantity, and/or patient's name and information.
    - iv. The patient was not charged and there was no internal shortage report filed with the pharmacy.

- b. Later that day, Mr. Randhawa spoke with a pharmacy technician. He stated he gave himself two different medications he felt he was shorted in the past.
  - i. Mr. Randhawa stated when he tried to tell pharmacies about being shorted, the pharmacy staff would not assist him.
  - ii. Mr. Randhawa stated since it was too soon to refill the prescriptions with insurance, he took the drug he felt he was shorted.
  - iii. There was nothing filed with the pharmacy.
  - iv. The technician could not recall the specific medications he refilled for himself, but recalled they were described as "maintenance meds."
2. On or about October 12, 2021, Mr. Randhawa spoke with an agent of the Board. He admitted:
  - a. Regarding the September 17, 2021 incident:
    - i. He assisted a female patient at the drive thru after she stated she was shorted her prescription. He reviewed the patient profile and she had a valid prescription. He believed there was a chance she was shorted the medication.
    - ii. He filled the maintenance drug for a 30-day supply.
    - iii. He does not recall the patient's name or the name of the drug. He did not document the fill correctly.
    - iv. The patient returned to the pharmacy after going home and locating the drug and attempted to return the 30-day supply but he refused to accept the drug.
  - b. Patient 1, a family member, is prescribed losartan 50mg. Patient 1 told Baltek Randhawa he/she was shorted his/her prescription of losartan 50 mg.
    - i. Mr. Randhawa told Patient 1 to go to the pharmacy and advise them of the shortage. Patient 1 did not want to go to the pharmacy so Mr. Randhawa took 30 tablets of losartan 50 mg from the pharmacy he was working at, which was not the same pharmacy the original prescription was filled at.
    - ii. He did not recall the day this occurred, but it was over a month before the interview.
    - iii. He could not recall the specific pharmacy this occurred at.
    - iv. He did not document the shortage in Patient 1's pharmacy profile.

FINDINGS OF FACT & DECISION OF THE BOARD

After hearing the testimony, observing the demeanor of the witnesses, considering the evidence, and weighing the credibility of each, the Board finds that Christopher D. Baker has substantially complied with the terms set forth in the Board Order of the State of Ohio Board of Pharmacy, Case No. 2014-1396 dated November 12, 2014.

On the basis of the Finding of Fact set forth above, and after consideration of the record as a whole, the State of Ohio Board of Pharmacy hereby approves the reinstatement of the pharmacist license no. 03-132263, held by Christopher D. Baker to practice pharmacy in Ohio subject to a period of probation for five years beginning on the effective date of this Order, with the following conditions:

1. Christopher D. Baker must enter into and adhere to the terms of a **new** contract, signed within thirty days after the effective date of this Order, with a Board approved treatment monitor for a period of not less than five years and, upon signing, submit a copy of the contract to the Board office. Christopher D. Baker should also submit to the Board documentation demonstrating compliance with an Ohio Department of Mental Health and Addiction Services (ODMHAS) treatment provider, if applicable. Failure to adhere to the terms of the treatment contract and/or monitoring contract will be considered

a violation of the Board's Order and subject Christopher D. Baker to potential sanctions up to and including revocation of license. The monitoring contract must provide that:

- a. Random, observed urine drug screens shall be conducted at least once each month.
  - b. The urine sample must be given within twelve hours of notification. The urine drug screen must include testing for creatinine or specific gravity of the sample as the dilutional standard.
  - c. Alcohol and Ethyl Glucuronide (ETG) must be added to the standard urine drug screen.
  - d. Results of all drug screens must be negative. Refusal of a drug screen or a diluted drug screen is equivalent to a positive result. Any positive results, including those which may have resulted from ingestion of food, but excluding false positives which resulted from medication legitimately prescribed, indicates a violation of the contract.
  - e. In the event of a negative diluted screen, a hair sample test must be completed at the cost of Christopher D. Baker in a timeframe consistent with the drug lab's recommended policy, but in any event no later than 12 days after the negative diluted screen.
  - f. Christopher D. Baker must meet the daily check-in requirements of the testing center or check-in requirements as otherwise proscribed by the treatment monitor.
2. The intervener/sponsor shall submit reports to the Board, in a format acceptable to the Board, indicating drug screens and their results in a timely fashion. Actual copies of drug screens shall be made available to the Board upon request.

- a. Attendance is required a minimum of three times per calendar week (Sunday through Saturday) on separate days, at an Alcoholics Anonymous, Narcotics Anonymous, and/or similar support group meeting.
  - b. The program shall immediately report to the Board any violations of the contract and/or lack of cooperation.
3. Christopher D. Baker shall not refuse an employer provided drug or alcohol screen. If the Board becomes aware of any positive drug or alcohol screen results that were obtained in the course of employment or any mechanism other than via the signed contract with ODMHAS, the Board shall treat these results as a violation of the Board's Order and request Christopher D. Baker reappear before the Board for possible additional sanctions, including and up to revocation of license.
4. Christopher D. Baker shall not refuse a breathalyzer or other drug testing requested by law enforcement during the duration of probation. The Board shall treat any such refusal as a violation of the Board's Order and request Christopher D. Baker reappear before the Board for possible additional sanctions, including and up to revocation of license.
5. Christopher D. Baker must submit quarterly progress reports to the Board (due January 10, April 10, July 10, and October 10 of each year of probation) that include:
  - a. The written report and documentation provided by the treatment program pursuant to the contract, and
  - b. A written description of Christopher D. Baker's progress towards recovery and what Christopher D. Baker has been doing during the previous three months, and
  - c. Proof of compliance with all terms of probation, the monitoring contract, including all terms in OAC Rule 4729:4-1-04, and proof of compliance with treatment, if applicable.

6. Christopher D. Baker must provide copies of the board order or settlement agreement to all employers or prospective employers, all licensing authorities in which Christopher D. Baker holds a professional license or applies for a professional license, and all persons who provide Christopher D. Baker chemical dependency treatment or monitoring, during the effective period of this order or agreement.
7. Other terms of probation are as follows:
  - a. Christopher D. Baker must meet at least annually with the Board's Probation Committee, the first meeting to be held December 9, 2024. Additional periodic appearances may be requested.
  - b. The State of Ohio Board of Pharmacy hereby declares that Christopher D. Baker's pharmacist license is not in good standing and thereby denies the privilege of being a preceptor and training pharmacy interns pursuant to paragraphs (K) and (O) of Rule 4729:2-1-01 of the OAC.
  - c. Christopher D. Baker must obtain prior approval of the board or the board's probation committee of departures or absences in excess of ten days from the country. Periods of departure or absence shall not change the probationary term, unless otherwise determined by motion of the board or the board's probation committee. For absences of three months or longer, the board or its probation committee may toll the length of probation, other than in instances where the board or its probation committee can be assured that probationary monitoring is otherwise being performed.
  - d. Christopher D. Baker may not serve as a responsible pharmacist or a designated representative in a dispensary or for home medical equipment.
  - e. Christopher D. Baker may not engage in a consult agreement, unless approved by the board.
  - f. Christopher D. Baker may not destroy, assist in, or witness the destruction of controlled substances.

- g. Christopher D. Baker may not work in a pharmacy more than 40 hours per week or 80 hours over a two-week period.
  - h. Christopher D. Baker must not violate the drug laws of Ohio, any other state, or the federal government.
  - i. Christopher D. Baker must abide by the rules of the State of Ohio Board of Pharmacy.
  - j. Christopher D. Baker must comply with the terms of this Order.
  - k. Christopher D. Baker's license is deemed not in good standing until successful completion of the probationary period.
  - l. Christopher D. Baker must provide continuing authorization for disclosure by the monitor and treatment provider (when applicable) to the Board, to treating and monitoring physicians, and to others involved in the monitoring process, of information necessary for those individuals to fulfill their duties.
8. When deemed appropriate by the Board, Christopher D. Baker must submit to a psychiatric evaluation, and, where appropriate, continued treatment acceptable to the Board.
9. Christopher D. Baker may not request modifications to probationary terms for at least three years, however, limited, isolated deviations may be granted with approval by the Board, in exceptional circumstances.
10. Christopher D. Baker must immediately report any violation of the terms of this probation to the Board by contacting [legal@pharmacy.ohio.gov](mailto:legal@pharmacy.ohio.gov). Failure to self-report any violation shall be treated as a violation of this Board's Order and will subject Christopher D. Baker to possible additional sanctions, including and up to revocation of license.
11. Any violation of probation or this Board's Order may result in a Board hearing to consider alternative or additional sanctions

under Section 4729.16 of the Ohio Revised Code, including and up to revocation of Christopher D. Baker's license.

12. Periods during which Christopher D. Baker is not in compliance with all probationary terms shall toll the length of time of probation, or the Board may implement additional disciplinary action in addition to or instead of tolling probation.

At the conclusion of the probationary period, the Board will issue a letter indicating whether probation has been successfully completed. If the Board determines probation has not been successfully completed, it will issue a notice of opportunity for hearing to Christopher D. Baker.

Further, upon stipulation of the parties, the Board hereby seals Exhibit H.

FINDINGS OF FACT & DECISION OF THE BOARD

After hearing the testimony, observing the demeanor of the witnesses, considering the evidence, and weighing the credibility of each, the Board finds that Robert Herberger has substantially complied with the terms set forth in the Board Order of the State of Ohio Board of Pharmacy, Case No. A-2022-0436 dated July 21, 2022

On the basis of the Finding of Fact set forth above, and after consideration of the record as a whole, the State of Ohio Board of Pharmacy hereby approves the reinstatement of the pharmacist license no. 03-236632, held by Robert Herberger to practice pharmacy in Ohio subject to a period of probation for five years beginning on the effective date of this Order, with the following conditions:

13. Robert Herberger must enter into and adhere to the terms of a **new** contract, signed within thirty days after the effective date of this Order, with a Board approved treatment monitor for a period of not less than five years and, upon signing, submit a copy of the contract to the Board office. Robert Herberger should also submit to the Board documentation demonstrating compliance with an Ohio Department of Mental Health and Addiction Services (ODMHAS) treatment provider, if applicable. Failure to adhere to the terms of the treatment contract and/or monitoring contract will be considered a violation of the Board's Order and subject Robert Herberger to potential sanctions up to and including revocation of license. The monitoring contract must provide that:
  - g. Random, observed urine drug screens shall be conducted at least once each month.

- h. The urine sample must be given within twelve hours of notification. The urine drug screen must include testing for creatinine or specific gravity of the sample as the dilutional standard.
  - i. Alcohol and Ethyl Glucuronide (ETG) must be added to the standard urine drug screen.
  - j. Results of all drug screens must be negative. Refusal of a drug screen or a diluted drug screen is equivalent to a positive result. Any positive results, including those which may have resulted from ingestion of food, but excluding false positives which resulted from medication legitimately prescribed, indicates a violation of the contract.
  - k. In the event of a negative diluted screen, a hair sample test must be completed at the cost of the Robert Herberger in a timeframe consistent with the drug lab's recommended policy, but in any event no later than 12 days after the negative diluted screen.
  - l. Robert Herberger must meet the daily check-in requirements of the testing center or check-in requirements as otherwise proscribed by the treatment monitor.
14. The intervener/sponsor shall submit reports to the Board, in a format acceptable to the Board, indicating drug screens and their results in a timely fashion. Actual copies of drug screens shall be made available to the Board upon request.
- c. Attendance is required a minimum of three times per calendar week (Sunday through Saturday) on separate days, at an Alcoholics Anonymous, Narcotics Anonymous, and/or similar support group meeting.
  - d. The program shall immediately report to the Board any violations of the contract and/or lack of cooperation.

15. Robert Herberger shall not refuse an employer provided drug or alcohol screen. If the Board becomes aware of any positive drug or alcohol screen results that were obtained in the course of employment or any mechanism other than via the signed contract with ODMHAS, the Board shall treat these results as a violation of the Board's Order and request Robert Herberger reappear before the Board for possible additional sanctions, including and up to revocation of license.
16. Robert Herberger shall not refuse a breathalyzer or other drug testing requested by law enforcement during the duration of probation. The Board shall treat any such refusal as a violation of the Board's Order and request Robert Herberger reappear before the Board for possible additional sanctions, including and up to revocation of license.
17. Robert Herberger, due to his felony conviction relating to a controlled substance, may not be employed by a terminal distributor of dangerous drugs, unless a waiver has been obtained by a licensee pursuant to 21 C.F.R. 1307.03.
18. Robert Herberger's license shall remain on probation until such time as any criminal intervention in lieu of conviction has been successfully completed.
19. Robert Herberger must submit quarterly progress reports to the Board (due January 10, April 10, July 10, and October 10 of each year of probation) that include:
  - d. The written report and documentation provided by the treatment program pursuant to the contract, and
  - e. A written description of Robert Herberger's progress towards recovery and what Robert Herberger has been doing during the previous three months, and
  - f. Proof of compliance with all terms of probation, the monitoring contract, including all terms in OAC Rule 4729:4-1-04, and proof of compliance with treatment, if applicable.

20. Robert Herberger must provide copies of the board order or settlement agreement to all employers or prospective employers, all licensing authorities in which Robert Herberger holds a professional license or applies for a professional license, and all persons who provide Robert Herberger chemical dependency treatment or monitoring, during the effective period of this order or agreement.

21. Other terms of probation are as follows:

- m. Robert Herberger must meet at least annually with the Board's Probation Committee, the first meeting to be held Monday, December 9, 2024. Additional periodic appearances may be requested.
- n. The State of Ohio Board of Pharmacy hereby declares that Robert Herberger's pharmacist license is not in good standing and thereby denies the privilege of being a preceptor and training pharmacy interns pursuant to paragraphs (K) and (O) of Rule 4729:2-1-01 of the OAC.
- o. Robert Herberger must obtain prior approval of the board or the board's probation committee of departures or absences in excess of ten days from the country. Periods of departure or absence shall not change the probationary term, unless otherwise determined by motion of the board or the board's probation committee. For absences of three months or longer, the board or its probation committee may toll the length of probation, other than in instances where the board or its probation committee can be assured that probationary monitoring is otherwise being performed.
- p. Robert Herberger may not serve as a responsible pharmacist or a designated representative in a dispensary or for home medical equipment.
- q. Robert Herberger may not engage in a consult agreement, unless approved by the board.

- r. Robert Herberger may not destroy, assist in, or witness the destruction of controlled substances.
  - s. Robert Herberger may not work in a pharmacy more than 40 hours per week or 80 hours over a two-week period.
  - t. Robert Herberger must not violate the drug laws of Ohio, any other state, or the federal government.

  - x. Robert Herberger must provide continuing authorization for disclosure by the monitor and treatment provider (when applicable) to the Board, to treating and monitoring physicians, and to others involved in the monitoring process, of information necessary for those individuals to fulfill their duties.
22. When deemed appropriate by the Board, Robert Herberger must submit to a psychiatric evaluation, and, where appropriate, continued treatment acceptable to the Board.
23. Robert Herberger may not request modifications to probationary terms for at least three years, however, limited, isolated deviations may be granted with approval by the Board, in exceptional circumstances.
24. Robert Herberger must immediately report any violation of the terms of this probation to the Board by contacting [legal@pharmacy.ohio.gov](mailto:legal@pharmacy.ohio.gov). Failure to self-report any violation shall be treated as a violation of this Board's Order and will subject Robert Herberger to possible additional sanctions, including and up to revocation of license.

25. Any violation of probation or this Board's Order may result in a Board hearing to consider alternative or additional sanctions under Section 4729.16 of the Ohio Revised Code, including and up to revocation of Robert Herberger's license.
26. Periods during which Robert Herberger is not in compliance with all probationary terms shall toll the length of time of probation, or the Board may implement additional disciplinary action in addition to or instead of tolling probation.

At the conclusion of the probationary period, the Board will issue a letter indicating whether probation has been successfully completed. If the Board determines probation has not been successfully completed, it will issue a notice of opportunity for hearing to Robert Herberger.

#### DECISION OF THE BOARD

This matter came before the Board pursuant to Section 4729.16 of the Ohio Revised Code and Rule 4729:1-4-01 of the Ohio Administrative Code. After consideration of the record as a whole, the State Board of Pharmacy hereby **denies** the application for a license to practice pharmacy as a pharmacist by examination in the State of Ohio, APP-000765700.

Further, after one year from the issuance of this Order, the Board will consider any application for licensure or registration over which the Board has jurisdiction. Upon application for licensure or registration, Naza Anens must appear for hearing before the Board. The Board will only consider issuance of a license to practice pharmacy in Ohio, or any license or registration over which the Board has jurisdiction, if the following conditions have been met:

1. Naza Anens must demonstrate in her application she has complied with all terms and conditions as stated in Term 2 of this Order (below).
2. Naza Anens must enter into and adhere to the terms of a contract, signed within thirty days after the effective date of this Order, with a Board approved treatment monitor for a period of not less than five years and, upon signing, submit a copy of the contract to the Board office. Naza Anens should also submit to the Board documentation demonstrating compliance with an Ohio Department of Mental Health and Addiction Services (ODMHAS) treatment provider, if applicable. Failure to adhere to the terms of the treatment contract and/or monitoring contract will be considered a violation of the Board's Order. The monitoring contract must provide that:
  - a. Random, **observed** urine drug screens shall be conducted at least once each month.
  - b. The urine sample must be given within twelve hours of notification. The urine drug screen must include testing for creatinine or specific gravity of the sample as the dilutional standard.
  - c. Alcohol and Ethyl Glucuronide (ETG) must be added to the standard urine drug screen.
  - d. Results of all drug screens must be negative. Refusal of a drug screen or a diluted drug screen is equivalent to a positive result. Any positive results, including those which may have resulted from ingestion of food, but excluding false positives which resulted from medication legitimately prescribed, indicates a violation of the contract.
  - e. In the event of a negative diluted screen, a hair sample test must be completed at the cost of the Naza Anens in a timeframe consistent with the drug lab's recommended policy, but in any event no later than 12 days after the negative diluted screen.

- f. Naza Anens must meet the daily check-in requirements of the testing center or check-in requirements as otherwise proscribed by the treatment monitor.
  - g. The intervener/sponsor shall submit reports to the Board, in a format acceptable to the Board, indicating drug screens and their results in a timely fashion. Actual copies of drug screens shall be made available to the Board upon request.
  - h. Attendance is required a minimum of three times per calendar week (Sunday through Saturday) on separate days, at an Alcoholics Anonymous, Narcotics Anonymous, and/or similar support group meeting.
  - i. The program shall immediately report to the Board any violations of the contract and/or lack of cooperation.
- 3. Naza Anens shall not refuse an employer provided drug or alcohol screen.   - 4. Naza Anens shall not refuse a breathalyzer or other drug testing requested by law enforcement prior to application for licensure. The Board shall treat any such refusal as a violation of the Board's Order.
  - 5. Naza Anens must demonstrate satisfactory proof to the Board that she is no longer addicted to or abusing liquor or drugs or impaired physically or mentally to such a degree as to render her unfit to practice pharmacy.
  - 6. Naza Anens must provide, in the application petition, documentation of the following:
    - a. Compliance with the contract required above (e.g.-proof of giving the sample within twelve hours of notification

and copies of all drug and alcohol screen reports, meeting attendance records, treatment program reports, etc.);

- b. Compliance with the terms of this Order.
7. Naza Anens must provide continuing authorization for disclosure by the monitor and treatment provider (when applicable) to the Board, to treating and monitoring physicians, and to others involved in the monitoring process, of information necessary for those individuals to fulfill their duties.

#### DECISION OF THE BOARD

This matter came before the Board pursuant to Section 4729.16 of the Ohio Revised Code and Rule 4729:2-4-01 of the Ohio Administrative Code. After consideration of the record as a whole, the State Board of Pharmacy hereby **denies** the application for a license to practice pharmacy as an intern in the State of Ohio, APP-000727002.

Further, after one year from the issuance of this Order, the Board will consider any application for licensure or registration over which the Board has jurisdiction. Upon application for licensure or registration, Naza Anens must appear for hearing before the Board. The Board will only consider issuance of a license to practice pharmacy as an intern in Ohio, or any license or registration over which the Board has jurisdiction, if the following conditions have been met:

1. Naza Anens must demonstrate in her application she has complied with all terms and conditions as stated in Term 2 of this Order (below).
2. Naza Anens must enter into and adhere to the terms of a contract, signed within thirty days after the effective date of this Order, with a Board approved treatment monitor for a period of not less than five years and, upon signing, submit a copy of the contract to the Board office. Naza Anens should also submit to the Board documentation demonstrating compliance with an Ohio Department of Mental Health and Addiction Services (ODMHAS) treatment provider, if applicable. Failure to adhere to the terms of the treatment contract and/or monitoring contract will be considered a violation of the Board's Order. The monitoring contract must provide that:

- a. Random, observed urine drug screens shall be conducted at least once each month.
- b. The urine sample must be given within twelve hours of notification. The urine drug screen must include testing for creatinine or specific gravity of the sample as the dilutional standard.
- c. Alcohol and Ethyl Glucuronide (ETG) must be added to the standard urine drug screen.
- d. Results of all drug screens must be negative. Refusal of a drug screen or a diluted drug screen is equivalent to a positive result. Any positive results, including those which may have resulted from ingestion of food, but excluding false positives which resulted from medication legitimately prescribed, indicates a violation of the contract.
- e. In the event of a negative diluted screen, a hair sample test must be completed at the cost of the Naza Anens in a timeframe consistent with the drug lab's recommended policy, but in any event no later than 12 days after the negative diluted screen.
- f. Naza Anens must meet the daily check-in requirements of the testing center or check-in requirements as otherwise proscribed by the treatment monitor.
- g. The intervener/sponsor shall submit reports to the Board, in a format acceptable to the Board, indicating drug screens and their results in a timely fashion. Actual copies of drug screens shall be made available to the Board upon request.
- h. Attendance is required a minimum of three times per calendar week (Sunday through Saturday) on separate days, at an Alcoholics Anonymous, Narcotics Anonymous, and/or similar support group meeting.

- i. The program shall immediately report to the Board any violations of the contract and/or lack of cooperation.
3. Naza Anens shall not refuse an employer provided drug or alcohol screen. If the Board becomes aware of any positive drug or alcohol screen results that were obtained in the course of employment or any mechanism other than via the signed contract with ODMHAS, the Board shall treat these results as a violation of the Board's Order.
4. Naza Anens shall not refuse a breathalyzer or other drug testing requested by law enforcement prior to application for licensure. The Board shall treat any such refusal as a violation of the Board's Order.
5. Naza Anens must demonstrate satisfactory proof to the Board that she is no longer addicted to or abusing liquor or drugs or impaired physically or mentally to such a degree as to render her unfit to practice pharmacy.
6. Naza Anens must provide, in the application petition, documentation of the following:
  - a. Compliance with the contract required above (e.g.-proof of giving the sample within twelve hours of notification and copies of all drug and alcohol screen reports, meeting attendance records, treatment program reports, etc.);
  - b. Compliance with the terms of this Order.
7. Naza Anens must provide continuing authorization for disclosure by the monitor and treatment provider (when applicable) to the Board, to treating and monitoring physicians, and to others involved in the monitoring process, of information necessary for those individuals to fulfill their duties.
8. Violation of any term, including but not limited to any violation of the contract signed with the treatment monitor and/or ODMHAS or other approved treatment provider may result in denial of the application for licensure.

9. Any violation of Chapters 2925., 3715., 3719., 4729., of the Ohio Revised Code, any administrative code violation or a violation of any other state, federal, or local law will be considered a violation of this Order.

Further, the Board hereby grants the State's Motion to Seal the Record in this matter including, but not limited to, all confidential patient health information contained in the record, specifically State's exhibits: 1b, 1d, 7, 8, 9.

FINDINGS OF FACT & DECISION OF THE BOARD

After having heard the testimony, observed the demeanor of the witnesses, considered the evidence, and weighed the credibility of each, the Board finds that Matthew Knisley has substantially complied with the terms set forth in the Board Order of the State of Ohio Board of Pharmacy, Case No. A-2021-0275 dated November 16, 2021.

On the basis of the Finding of Fact set forth above, and after consideration of the record as a whole, the State of Ohio Board of Pharmacy hereby approves the reinstatement of the pharmacist license no. 03-327185, held by Matthew Knisley to practice pharmacy in Ohio subject to a period of probation for five years beginning on the effective date of this Order, with the following conditions:

1. Matthew Knisley must enter into and adhere to the terms of a **new** contract, signed within thirty days after the effective date of this Order, with a Board approved treatment monitor for a period of not less than five years and, upon signing, submit a copy of the contract to the Board office. Matthew Knisley should also submit to the Board documentation demonstrating compliance with an Ohio Department of Mental Health and Addiction Services (ODMHAS) treatment provider, if applicable. Failure to adhere to the terms of the treatment contract and/or monitoring contract will be considered a violation of the Board's Order and subject Matthew Knisley to

potential sanctions up to and including revocation of license. The monitoring contract must provide that:

- a. Random, **observed** urine drug screens shall be conducted at least once each month.
  - b. The urine sample must be given within twelve hours of notification. The urine drug screen must include testing for creatinine or specific gravity of the sample as the dilutional standard.
  - c. Alcohol and Ethyl Glucuronide (ETG) must be added to the standard urine drug screen.
  - d. Results of all drug screens must be negative. Refusal of a drug screen or a diluted drug screen is equivalent to a positive result. Any positive results, including those which may have resulted from ingestion of food, but excluding false positives which resulted from medication legitimately prescribed, indicates a violation of the contract.
  - e. In the event of a negative diluted screen, a hair sample test must be completed at the cost of Matthew Knisley in a timeframe consistent with the drug lab's recommended policy, but in any event no later than 12 days after the negative diluted screen.
  - f. Matthew Knisley must meet the daily check-in requirements of the testing center or check-in requirements as otherwise proscribed by the treatment monitor.
2. The intervener/sponsor shall submit reports to the Board, in a format acceptable to the Board, indicating drug screens and their results in a timely fashion. Actual copies of drug screens shall be made available to the Board upon request.
    - a. Attendance is required a minimum of three times per calendar week (Sunday through Saturday) on separate

days, at an Alcoholics Anonymous, Narcotics Anonymous, and/or similar support group meeting.

- b. The program shall immediately report to the Board any violations of the contract and/or lack of cooperation.
3. Matthew Knisley shall not refuse an employer provided drug or alcohol screen. If the Board becomes aware of any positive drug or alcohol screen results that were obtained in the course of employment or any mechanism other than via the signed contract with ODMHAS, the Board shall treat these results as a violation of the Board's Order and request Matthew Knisley reappear before the Board for possible additional sanctions, including and up to revocation of license.
4. Matthew Knisley shall not refuse a breathalyzer or other drug testing requested by law enforcement during the duration of probation. The Board shall treat any such refusal as a violation of the Board's Order and request Matthew Knisley reappear before the Board for possible additional sanctions, including and up to revocation of license.
5. Matthew Knisley must submit quarterly progress reports to the Board (due January 10, April 10, July 10, and October 10 of each year of probation) that include:
  - a. The written report and documentation provided by the treatment program pursuant to the contract, and
  - b. A written description of Matthew Knisley's progress towards recovery and what Matthew Knisley has been doing during the previous three months, and
  - c. Proof of compliance with all terms of probation, the monitoring contract, including all terms in OAC Rule 4729:4-1-04, and proof of compliance with treatment, if applicable.
6. Matthew Knisley must provide copies of the board order or settlement agreement to all employers or prospective employers, all licensing authorities in which Matthew Knisley holds a

professional license or applies for a professional license, and all persons who provide Matthew Knisley chemical dependency treatment or monitoring, during the effective period of this order or agreement.

7. Other terms of probation are as follows:

- a. Matthew Knisley must meet at least annually with the Board's Probation Committee, the first meeting to be held December 9, 2024. Additional periodic appearances may be requested.
- b. The State of Ohio Board of Pharmacy hereby declares that Matthew Knisley's pharmacist license is not in good standing and thereby denies the privilege of being a preceptor and training pharmacy interns pursuant to paragraphs (K) and (O) of Rule 4729:2-1-01 of the OAC.
- c. Matthew Knisley must obtain prior approval of the board or the board's probation committee of departures or absences in excess of ten days from the country. Periods of departure or absence shall not change the probationary term, unless otherwise determined by motion of the board or the board's probation committee. For absences of three months or longer, the board or its probation committee may toll the length of probation, other than in instances where the board or its probation committee can be assured that probationary monitoring is otherwise being performed.
- d. Matthew Knisley may not serve as a responsible pharmacist or a designated representative in a dispensary or for home medical equipment.
- e. Matthew Knisley may not engage in a consult agreement, unless approved by the board.
- f. Matthew Knisley may not destroy, assist in, or witness the destruction of controlled substances.
- g. Matthew Knisley may not work in a pharmacy more than 40 hours per week or 80 hours over a two week period.

- h. Matthew Knisley must not violate the drug laws of Ohio, any other state, or the federal government.
  - i. Matthew Knisley must abide by the rules of the State of Ohio Board of Pharmacy.
  - j. Matthew Knisley must comply with the terms of this Order.
  - k. Matthew Knisley's license is deemed not in good standing until successful completion of the probationary period.
  - l. Matthew Knisley must provide continuing authorization for disclosure by the monitor and treatment provider (when applicable) to the Board, to treating and monitoring physicians, and to others involved in the monitoring process, of information necessary for those individuals to fulfill their duties.
8. When deemed appropriate by the Board, Matthew Knisley must submit to a psychiatric evaluation, and, where appropriate, continued treatment acceptable to the Board.
9. Matthew Knisley may not request modifications to probationary terms for at least three years, however, limited, isolated deviations may be granted with approval by the Board, in exceptional circumstances.
10. Matthew Knisley must immediately report any violation of the terms of this probation to the Board by contacting [legal@pharmacy.ohio.gov](mailto:legal@pharmacy.ohio.gov). Failure to self-report any violation shall be treated as a violation of this Board's Order and will subject Matthew Knisley to possible additional sanctions, including and up to revocation of license.
11. Any violation of probation or this Board's Order may result in a Board hearing to consider alternative or additional sanctions

under Section 4729.16 of the Ohio Revised Code, including and up to revocation of Matthew Knisley's license.

12. Periods during which Matthew Knisley is not in compliance with all probationary terms shall toll the length of time of probation, or the Board may implement additional disciplinary action in addition to or instead of tolling probation.

At the conclusion of the probationary period, the Board will issue a letter indicating whether probation has been successfully completed. If the Board determines probation has not been successfully completed, it will issue a notice of opportunity for hearing to Matthew Knisley.

Further, the Board hereby grants the parties' Motions to Seal the Record in this matter including, but not limited to, all confidential patient health information contained in the record, specifically State's Exhibit: 3 and Matthew Knisley's Exhibits: G and H.
