

English Language Proficiency Requirements for Pharmacy Technicians

Updated 1/12/2021

UPDATE: Pursuant to a Board resolution approved on January 10, 2022, **Pharmacy Technician Trainee** applicants are no longer required to demonstrate proficiency in English.

Registered and Certified Pharmacy Technician applicants who completed their primary/high school education outside of the United States are still required to demonstrate English proficiency via one of the approved methods listed below.

The Board also approved new minimum scores for successful completion of the TOEFL.

Rule [4729:3-2-01 of the Ohio Administrative Code](#) and Board policy, requires any pharmacy technician or trainee applicant who has a foreign school diploma that is equivalent to a U.S. high school diploma to demonstrate English language proficiency by either:

1. Submit evidence of successful completion of the "Test of English as a Foreign Language, Internet-based test" (TOEFL iBT).
2. Submit a diploma or transcript demonstrating completion of an associate degree or higher from an accredited college, junior college, community college or university in the United States.
3. Submit verification of active professional license or registration issued by a healthcare licensing board (Ohio State Dental Board, Ohio Veterinary Medical Licensing Board, State Medical Board of Ohio, or Ohio Board of Nursing) (see [Q7](#) for more information).
4. Submit an attestation signed by the responsible person of the pharmacy where the technician is actively employed (see [Q9](#) for more information).

To assist applicants with this requirement, the Board has developed a set of frequently asked questions that begins on the next page of this document.

If you need additional information, you may e-mail the Board at technician@pharmacy.ohio.gov.

Frequently Asked Questions

Q1) Why is this requirement necessary?

A1) Language proficiency is an essential skill required of all pharmacy technicians in the day-to-day practice of pharmacy in Ohio. Although language proficiency does not guarantee that effective communication will take place, it is the foundation for reading, speaking, listening, and writing skills – all components of communication. A pharmacy technician’s ability to communicate is critical in the delivery of safe and effective patient care. To this end, Ohio requires technician, pharmacist, and pharmacy intern applicants to meet the same English proficiency standards to ensure effective communication across the profession.

Q2) Where can I find more information about taking the Test of English as a Foreign Language, Internet-based test (TOEFL iBT)?

A2) More information about the TOEFL iBT can be accessed here:
