MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding establishes procedures and guidelines for the exchange of ARCOS/DADS data between the Drug Enforcement Administration (DEA) and the Ohio Board of Pharmacy responsible for curtailing the diversion of controlled substances.

DEA's Automation of Reports and Consolidated Orders System (ARCOS) is a comprehensive drug tracking system which monitors the flow of all Schedule II drugs and Schedule III narcotics from the point of manufacture to the point of sale or other distribution. The Diversion Analysis and Detection System (DADS), a subsystem of ARCOS, monitors direct sales from the wholesale level to retail pharmacies, hospitals/clinics, practitioners and teaching institutions, thereby providing information regarding both actual and potential diversion from licit channels of distribution. A number of recurring reports are generated routinely by the ARCOS/DADS system. In addition, special reports can be prepared at the request of individual states or regions, provided that sufficient DEA resources are available.

The exchange of ARCOS/DADS data between DEA and the Ohio Board of Pharmacy is contingent upon the following conditions:

1. The information provided remains the property of DEA.
2. No information will be released to anyone other than the Ohio Board of Pharmacy, state prosecutors and DEA. Any subsequent disclosure of information to other regulatory or enforcement agencies must be coordinated with DEA.
3. ARCOS/DADS data is an important source of investigative leads for DEA. To preclude duplication of investigative activity and unnecessary allocation of resources, all investigations of individuals or entities targeted through ARCOS/DADS data will be coordinated by the Ohio Board of Pharmacy with the local DEA office.
4. If the Ohio Board of Pharmacy wishes to obtain ARCOS/DADS data in computer tape format, it will provide blank tapes to DEA for this purpose.
5. The publication of ARCOS/DADS data other than that of a general, statistical nature requires prior permission from DEA.

This Memorandum of Understanding will become effective upon approval and signature of the appropriate DEA Special Agent in Charge or his designee, the Deputy Assistant Administrator of the Office of Diversion Control or his designee and the head official of the Ohio Board of Pharmacy or the designee. The signing of this memorandum is voluntary and any party may withdraw from this agreement by giving 30 days notice to all other parties. DEA reserves the right to discontinue the exchange of data to the Ohio Board of Pharmacy if the provisions of this agreement are not adhered to. DEA may reconsider the furnishing of data in such instances, however, upon receipt of satisfactory assurances that the provisions will be adhered to.

The spirit of this Memorandum of Understanding reflects the realization that drug data must be exchanged freely and in a professional manner. All parties recognize the sensitivity of the information exchanged and will take all possible precautions to ensure that the security of the information is not compromised.

The motion was seconded by Mrs. Neuber and approved (Aye-8/Nay-0).

Board member Joseph Maslak left for personal business reasons. Mr. Benedict discussed possible legislation concerning the Controlled Substance Schedules in regards to "Rohypnol". Following discussion, the Board members agreed to address the scheduling of carisprodol and butorphanol in such legislation.

RES. 96-236 Board member Joseph Maslak returned and joined the meeting. Mrs. Neuber moved that the Board approve Prince Edward Island Board of Pharmacy's petition for membership in the National Association of Boards of Pharmacy. The motion was seconded by Mr. Maslak and approved (Aye-8/Nay-0).

ACTION OF THE BOARD

Pursuant to Section 4729.57 of the Ohio Revised Code, the State Board of Pharmacy takes the following actions in the matter of Medicine Shoppe:

- (A) On the basis of the Findings of Fact and paragraph (1) of the Conclusions of Law set forth above, the State Board of Pharmacy hereby revokes the terminal distributor license, No. 02-607300, held by Medicine Shoppe effective as of the date of the mailing of this Order.

THIS ORDER WAS APPROVED BY A VOTE OF THE STATE BOARD OF PHARMACY.

MOTION CARRIED.

SO ORDERED.

The motion was seconded by Mr. Cavendish and approved (Aye-7/Nay-0).

The Board continued their review of the Joint Working Group of Health Care Regulatory Boards April 23, 1996 draft response to the PEW Recommendations.

Mr. Hanna reported that the next meeting of the Nursing Board Formulary Committee is scheduled for July 1, 1996. The last meeting was held on April 9, 1996 and official business could not be conducted since a quorum was not present.

The Board then considered a proposed business arrangement dated May 30, 1996 and received by the office on June 7, 1996. Staff reported that the proposed business arrangement was identical to one which staff discussed with representatives of Cardinal Health, Dublin, Ohio on June 19, 1996. Staff reported that Cardinal Health is drafting a contract that will provide a clear understanding by each of the parties as to their responsibilities in such business arrangements. A copy of the final contract that will be used in these proposed business arrangements will be submitted to the Board prior to their use. The Board directed staff to meet with the persons submitting the proposed business arrangement in their letter dated May 30, 1996 and outline the same requirements and solutions as those agreed to by Cardinal Health on June 19, 1996.

RES. 96-240

The Executive Director reported that the following settlement agreement was entered into by the Board on May 14, 1996:

SETTLEMENT AGREEMENT WITH THE STATE BOARD OF PHARMACY

(Docket No. D-960117-032)

In The Matter Of:

ROBERT C. FERGUSON, R.Ph.
401 Hamilton Street, Apt. 6
Wapakoneta, Ohio 45895
(R.Ph. No. 03-03-1-13547)

This Settlement Agreement is entered into by and between Robert C. Ferguson and the Ohio State Board of Pharmacy, a state agency charged with enforcing the Pharmacy Practice Act and Dangerous Drug Distribution Act, Chapter 4729. of the Ohio Revised Code.

Robert C. Ferguson enters into this Agreement being fully informed of his rights afforded under Chapter 119. of the Ohio Revised Code, including the right to representation by counsel and the right to a formal adjudication hearing on the issues contained herein.

Robert C. Ferguson is knowingly and voluntarily acknowledging that, in order to settle the disciplinary charges that have been filed by the Board against Robert C. Ferguson and in order to obviate the need to conduct an administrative hearing to consider possible disciplinary sanctions against Robert C. Ferguson's license to practice pharmacy in the state of Ohio, this Agreement is entered into on the basis of the following stipulations, admissions, and understandings:

- (A) The Ohio State Board of Pharmacy is empowered by Section 4729.16 of the Ohio Revised Code to suspend, revoke, place on probation, refuse to grant or renew an identification card, or impose a monetary penalty on the license holder for violation of any of the enumerated grounds.
- (B) On or about January 17, 1996, pursuant to Chapter 119. of the Ohio Revised Code, Robert C. Ferguson was notified of the allegations or charges against him, his right to a hearing, his rights in such hearing, and his right to submit contentions in writing.

Further, a hearing was requested and scheduled for March 6, 1996; however, the hearing was continued by the Board.

- (C) Robert C. Ferguson, in the same manner as a plea of no contest in a Court of Law, knowingly and voluntarily does not contest the evidence upon which the Board of Pharmacy bases its decision. Robert C. Ferguson was notified of the following allegations and the Board herein adjudicates the same:
- (1) Records of the Board of Pharmacy indicate that Robert C. Ferguson was originally licensed in the state of Ohio on February 26, 1980, pursuant to examination, and is currently licensed to practice pharmacy in the state of Ohio. Records further reflect that during the relevant time period alleged herein, Robert C. Ferguson was the Responsible Pharmacist at The Pharm #918, Sidney, Ohio, pursuant to Sections 4729.27 and 4729.55 of the Ohio Revised Code and Rule 4729-5-11 of the Ohio Administrative Code.
 - (2) Robert C. Ferguson as the Responsible Pharmacist did, on or about February 24, 1994; March 1, 1994; March 6, 1994; March 12, 1994; March 17, 1994; and March 28, 1994; misbrand a drug, to wit: upon receiving refill prescriptions for Melphalan (Alkeran®) 2mg to be taken by the patient 5 tablets daily for 5 days each month with 6 refills, Robert C. Ferguson or someone under his control dispensed the medication with directions for use as 5 tablets daily for 5 days refillable but failed to indicate "each month" in the directions for use. The patient followed the directions for use indicated on the bottle, obtained refills immediately upon consumption of the prescription, and thus consumed 5 tablets each day for one month. The patient suffered harm and had an emergency blood transfusion. When questioned about the prescriptions, Robert C. Ferguson indicated to Board of Pharmacy agents that "it would be very tedious to check each drug for which the computer generated a label to see if there were something that [the pharmacist] would need to check on with the patient;" and Robert C. Ferguson stated that the questioning agent "was making the assumption that he [the pharmacist] would know how this drug is normally used." Such conduct is in violation of Section 3715.52(B) of the Ohio Revised Code.
 - (3) Robert C. Ferguson as the Responsible Pharmacist did, on or about April 24, 1994, and again on or about May 7, 1994, knowing there was no privilege to do so, falsify or alter computer data, to wit: after incorrect data had been entered into patient records at The Pharm #918, which caused patient harm, and after several refills had been dispensed, Robert C. Ferguson or a pharmacist under his control altered the original prescription data to falsely indicate that the error had not been made. Robert C. Ferguson admitted to Board agents that he lied about the incidents in order to cover for the pharmacist under his control. Such conduct is in violation of Section 2913.42(B) of the Ohio Revised Code.
 - (4) Robert C. Ferguson as the Responsible Pharmacist did, from February 17, 1994, to April 12, 1994, continuously fail to perform prospective drug utilization review and patient counseling, to wit: when dispensing medications to a patient pursuant to prescription numbers 6624893 and 6627340, Robert C. Ferguson or a pharmacist under his control failed to review the original prescription and/or refill information for over-utilization, incorrect drug dosage and duration of drug treatment, and misuse; and, Robert C. Ferguson or someone under his control failed to offer patient counseling. Such conduct is in violation of Rules 4729-5-20 and 4729-5-22 of the Ohio Administrative Code.
 - (5) Robert C. Ferguson did, on or about June 24, 1994, knowingly make a false statement when made for the purpose to mislead a public official in performing his official function, to wit: Robert C. Ferguson admittedly lied to and/or withheld the truth from a Board agent who

was investigating the matter of misbranded medication. Such conduct is in violation of Section 2921.13 of the Ohio Revised Code.

Wherefore, in consideration of the foregoing and mutual promises hereinafter set forth, and in lieu of any formal proceedings at this time, Robert C. Ferguson knowingly and voluntarily agrees with the State Board of Pharmacy to the following:

Robert C. Ferguson agrees to the imposition of a monetary penalty of nine hundred fifty dollars (\$950.00) due and owing within 30 days of the effective date of this Agreement. The monetary penalty should be made payable to the "Treasurer, State of Ohio" and mailed with the enclosed form to the State Board of Pharmacy, 77 S. High Street, 17th Floor, Columbus, Ohio 43266-0320.

If, in the judgment of the Board, Robert C. Ferguson appears to have violated or breached any terms or conditions of this Agreement, the Ohio State Board of Pharmacy reserves the right to, at any time, institute formal disciplinary proceedings for any and all possible violations or breaches, including but not limited to, alleged violation of the laws of Ohio occurring before the effective date of this Agreement.

Robert C. Ferguson acknowledges that he has had an opportunity to ask questions concerning the terms of this agreement and that all questions asked have been answered in a satisfactory manner. Any action initiated by the Board based on alleged violation of this Agreement shall comply with the Administrative Procedure Act, Chapter 119. of the Ohio Revised Code.

Robert C. Ferguson waives any and all claims or causes of action he may have against the State of Ohio or the Board, and members, officers, employees, and/or agents of either, arising out of matters which are the subject of this Agreement.

In the event the Board, in its discretion, does not adopt this Agreement as its Adjudication, this settlement offer is withdrawn and shall be of no evidentiary value and shall not be relied upon or introduced in any disciplinary action or appeal by either party. Robert C. Ferguson agrees that should the Board reject this Agreement and if this case proceeds to hearing, he will assert no claim that the Board was prejudiced by its review and discussion of this Agreement or of any information relating thereto.

This Settlement Agreement shall be considered a public record, as that term is used in Section 149.43 of the Ohio Revised Code, and shall become effective upon the date of Board President's signature below.

- (A) A prescription, to be effective, must be issued for a legitimate medical purpose by an individual practitioner or advanced practice nurse approved pursuant to section 4723.56 of the Revised Code acting in the usual course of his/her professional practice. The responsibility for the proper prescribing is upon the prescriber, but a corresponding responsibility rests with the pharmacist who dispenses the prescription. An order purporting to be a prescription issued not in the usual course of professional treatment or in legitimate and authorized research is not a prescription and the person knowingly dispensing such a purported prescription, as well as the person issuing it, shall be subject to the penalties provided for violations of the provisions of law.
- (B) All prescriptions shall be dated as of and signed on the day when issued, and shall bear the full name and address of the patient.
- (C) All written prescriptions issued by a practitioner or advanced practice nurse approved pursuant to section 4723.56 of the Revised Code shall bear the full name and address of the prescriber and shall be manually signed by the prescriber in the same manner as he/she would sign a check or legal document.

Such a facsimile shall only be valid as a prescription if a system is in place that will allow the pharmacist to maintain the facsimile as a part of the prescription record including the positive identification of the practitioner and his/her agent or of the advanced practice nurse, as well as positive identification of the origin of the facsimile. The pharmacist must record the prescription in writing pursuant to section 4729.37 of the Revised Code or store the facsimile copy in such a manner that will allow retention of the prescription record for three years from the date of the last transaction. The original signed prescription from which the facsimile is produced shall not be issued to the patient. The original signed prescription must remain with the patient's records at the prescriber's office or the institutional facility where it was issued. A facsimile of a prescription received by a pharmacist in any manner other than transmission directly from the practitioner, the practitioner's agent, or the advanced practice nurse approved pursuant to section 4723.56 of the Revised Code shall not be considered a valid prescription, except as a copy of a prescription pursuant to rule 4729-5-24 of the Administrative Code.
- (E) All prescriptions shall specify the number of times or the period of time for which the prescription may be refilled. A prescription marked "Refill P.R.N." or some similar designation is not considered a valid refill authorization.

- (F) Prescriptions for dangerous drugs may not be dispensed for the first time beyond six months from the date of issuance by a practitioner or an advanced practice nurse approved pursuant to section 4723.56 of the Revised Code.
- (G) Prescriptions for dangerous drugs and controlled substances in schedule V may not be authorized for refill beyond one year from the date of issuance. Prescriptions for controlled substances in schedules III and IV shall be authorized for refill only as permitted by section 3719.05 of the Revised Code. Prescriptions for controlled substances in schedule II may not be refilled.
- (H) A prescription may be refilled only as expressly authorized by the practitioner or the advanced practice nurse approved pursuant to section 4723.56 of the Revised Code, either in writing or orally. If no such authorization is given, the prescription may not be refilled.
- (I) The drug(s) in a compounded prescription or drug product shall be identified by the product trade name or generic name.
- (J) No prescription shall be coded in such a manner that it cannot be dispensed by any pharmacy of the patient's choice. A "coded prescription" is one which bears letters, numbers, words or symbols, or any other device used in lieu of the name, quantity, strength and directions for its use, other than those normal letters, numbers, words, symbols, or other media recognized by the profession of pharmacy as a means of conveying information by prescription. No symbol, word, or any other device shall be used in lieu of the name of said preparation.
- (K) The agent of a practitioner who transfers a facsimile of an original prescription or transmits an oral prescription or authorization of a refill for a dangerous drug must identify themselves by full name and the pharmacist shall make a record of the practitioner's agent on the original prescription and, if used, on the alternate system of recordkeeping.
- (L) When forms are used that create multiple copies of a prescription issued to a patient by a practitioner or an advanced practice nurse approved pursuant to section 4723.56 of the Revised Code, the original ~~copy~~ PRESCRIPTION which ALSO bears the actual signature of the prescriber must be issued to the patient for dispensing by a pharmacist.
- (M) A PHARMACIST MAY ACCEPT, WITHOUT FURTHER VERIFICATION OF THE PRESCRIBER'S IDENTITY REQUIRED, A PRESCRIPTION THAT HAS BEEN TRANSMITTED BY MEANS OF A BOARD APPROVED AUTOMATED PAPERLESS SYSTEM. THE SYSTEM SHALL REQUIRE POSITIVE IDENTIFICATION OF THE PRESCRIBER AS DEFINED IN RULE 4729-5-01 OF THE ADMINISTRATIVE CODE AS WELL AS THE FULL NAME OF ANY AUTHORIZED AGENT OF THE PRESCRIBER WHO TRANSMITS THE PRESCRIPTION.
