Wherefore, in consideration of the foregoing and mutual promises hereinafter set forth, and in lieu of proceeding with formal ADMINISTRATIVE charges and a 119. hearing, Morton H. Morton H. Pierce acknowledges that he has had an opportunity to ask questions concerning the terms of this agreement and that all questions asked have been answered in a satisfactory manner.

(1) Records of the State Board of Pharmacy indicate that Dennis W. Sholtis has complied with the terms set forth in the Order of the State Board of Pharmacy, Docket No. D-030909-005, effective December 10, 2003.

DECISION OF THE BOARD

On the basis of the Finding of Fact set forth above, and after consideration of the record as a whole, the State Board of Pharmacy hereby suspends indefinitely the pharmacist identification card, No. 03-1-17295, held by John J. Sholtis and such suspension is effective as of the date of the mailing of this Order.

Further, after six months from the effective date of this Order, the Board will consider any petition filed by John J. Sholtis for a hearing, pursuant to Ohio Revised Code Chapter 119., for reinstatement. The Board will only consider reinstatement of the license to practice pharmacy in Ohio if the following conditions have been met:

(A) John J. Sholtis must enter into a contract, signed within thirty days after the effective date of this Order, with an Ohio Department of Alcohol and Drug Addiction Services (ODADAS) treatment provider or a treatment provider acceptable to the Board for a period of not less than five years and, upon signing, submit a copy of the contract to the Board office. The contract must provide that:

(1) Random, observed urine drug screens, blood tests, or other acceptable method of detection, shall be conducted at least once each month.
   
   (a) The drug screens must be given within twelve hours of notification. The drug screens must include testing for creatinine or specific gravity of the sample as the dilutional standard.
   
   (b) OxyContin, oxycodone, and hydrocodone must be added to the standard drug screen.
   
   (c) Results of all drug screens must be negative. Refusals of drug screens or diluted drug screens are equivalent to a positive result. Any positive results, including those which may have resulted from ingestion of food, but excluding false positives which resulted from medication legitimately prescribed, indicates a violation of the contract.

(2) Attendance is required a minimum of three times per week at an Alcoholics Anonymous, Narcotics Anonymous, and/or similar support group meetings.

(3) The program shall immediately report to the Board any violations of the contract and/or lack of cooperation.

(B) John J. Sholtis must provide, at the reinstatement petition hearing, documentation of the following:

(1) Compliance with the contract required above (e.g.-proof of giving the sample within twelve hours of notification and copies of all drug screen reports, meeting attendance records, treatment program reports, etc.);
(2) Compliance with the continuing pharmacy education requirements set forth in Chapter 4729-7 of the Ohio Administrative Code as applicable and in effect on the date of petitioning the Board for reinstatement;

(3) Compliance with the terms of this Order.

Upon such time as the Board may consider reinstatement, John J. Sholtis will be afforded a Chapter 119. hearing. At such time, the Board may consider reinstatement with or without restrictions and/or conditions as the Board deems appropriate under the circumstances.
