FINDINGS OF FACT

The parties stipulated to – and the Board hereby adopts as fact- the Allegations as set forth in the Notice of Opportunity for Hearing/Summary Suspension dated August 16, 2023, reiterated herein and set forth below.

After hearing the testimony, observing the demeanor of the witnesses, considering the evidence, and weighing the credibility of each, the Board finds the following to be fact:

1. On or about July 31, 2023, the Board was notified that while Zachary Jones was working as a pharmacist at Cleveland Clinic Foundation – Twinsburg Ambulatory Pharmacy, located at 8701 Darrow Road, Twinsburg, Ohio, Mr. Jones was filling his own prescriptions for clonazepam, a Schedule IV controlled substance. Additionally, it was discovered that the prescriptions were filled early, prior to the refill date.
2. Pharmacy records, including but not limited to, Mr. Jones' patient profile, original prescriptions, and the pharmacy workflow and audit trail, from on or about December 14, 2022 to on or about August 1, 2023, revealed the following:
 - a. From on or about December 14, 2022 to on or about July 19, 2023, Mr. Jones received 12 prescriptions (30-days each) for clonazepam 0.5 mg. Each prescription refill was dispensed early, by Mr. Jones, resulting in 114 days of overlapping therapy.

- b. As a result of the early fills dispensed to him, he received 342 additional tablets of clonazepam.
 - c. A review of his patient profile at the pharmacy showed on multiple occasions he performed all the steps to dispense his own prescriptions and performed the sale of the prescription to himself at the register.
 - d. During the course of filling his own prescriptions, Mr. Jones performed numerous manual overrides during Drug Utilization Review (DUR) for “overlapping therapy”.
 - e. Six of the prescriptions were denied by insurance, likely a result of being filled too early/overlapping therapy.
 - f. Dispensings were occurring before regular pharmacy hours and/or conducting all the dispensing steps in a short period of time.
 - g. Numerous notes were added – by Mr. Jones- in the software, stating the refill was authorized by the prescriber (doctor).
 - i. For example, he filled a prescription on June 5, 2023, 18 days before the previous prescription should have run out (thus it was filled 18 days early). Mr. Jones added a note in the pharmacy comment, “leaving for 2 weeks md ok 6-2-23”.
3. On or about July 20, 2023, Mr. Jones was interviewed by pharmacy staff. He admitted he was wrong to dispense his own prescriptions at the pharmacy. He also admitted it was wrong to consume approximately twice his prescribed dose of clonazepam.
4. On or about August 4, 2023, Mr. Jones was interviewed by agents of the Board. He stated:
- a. In December 2022, he asked his doctor (prescriber) to increase his prescription for clonazepam, but the doctor declined over concerns he could become dependent on an increased dosage

- b. Mr. Jones began to fill his own clonazepam prescriptions early to manage his panic attacks, with the thought he could later ween himself to a lower dose.
- c. Mr. Jones knew filling his own prescriptions was considered an ethical violation by his employer.
- d. Mr. Jones began to fill his prescriptions earlier and earlier as he used more of the medication to self-medicate. On his worst days he would take up to 8 or 9 tablets of clonazepam 0.5 mg per day.
- e. Mr. Jones had “dug a hole [he] couldn’t get out of...[his] addictive personality took over; [his] fear of other people finding out took over.”
- f. Mr. Jones added some false comments in the “Pharmacy Comments” of the dispensing software and overrode flags to conduct early fills.
- g. Mr. Jones recalled a comment on May 9, 2022: “early fill md aware- working on regimen”. This comment was false.
- h. Mr. Jones met with his doctor (prescriber) on July 21, 2023 and disclosed everything. He continues to see his doctor; the goal is to ween himself off benzodiazepines in 6-7 weeks.
- i. Once he successfully completed the taper and treatment program, he will be ready to practice pharmacy again.
- j. Mr. Jones provided a written statement to an agent of the Board. He stated: “I failed to see how my disease of addiction was controlling me.”

DECISION OF THE BOARD

Pursuant to Section 3719.121 of the Ohio Revised Code, the State Board of Pharmacy hereby removes the Summary Suspension Order issued to Zachary Jones on August 16, 2023.

Pursuant to Section 4729.16 of the Ohio Revised Code, and after consideration of the record as a whole, the State Board of Pharmacy hereby suspends indefinitely the pharmacist license no. 03-233557 held by Zachary Jones and such suspension is effective as of the date of the mailing of this Order.

Zachary Jones, pursuant to Rule 4729:1-1-01(T) of the Ohio Administrative Code, may not be employed by or work in a facility licensed by the State Board of Pharmacy to possess or distribute

dangerous drugs and/or medical marijuana during such period of suspension.

Further, after twelve months from the effective date of Summary Suspension, dated August 16, 2023, the Board will consider any petition filed by Zachary Jones for a hearing, pursuant to Ohio Revised Code Chapter 119., for reinstatement. The Board will only consider reinstatement of the license to practice pharmacy in Ohio if the following conditions have been met:

1. Zachary Jones must maintain a current address with the Board throughout the duration of the suspension.
2. Zachary Jones must enter into and adhere to the terms of a **new** contract, signed within thirty days after the effective date of this Order, with a Board approved treatment monitor for a period of not less than five years and, upon signing, submit a copy of the contract to the Board office. Zachary Jones should also submit to the Board documentation demonstrating compliance with an Ohio Department of Mental Health and Addiction Services (ODMHAS) treatment provider, if applicable. Failure to adhere to the terms of the treatment contract and/or monitoring contract will be considered a violation of the Board's Order and subject Zachary Jones to potential sanctions up to and including revocation of license. The monitoring contract must provide that:
 - a. Random, **observed** urine drug screens shall be conducted at least once each month.
 - b. The urine sample must be given within twelve hours of notification. The urine drug screen must include testing for creatinine or specific gravity of the sample as the dilutional standard.
 - c. Alcohol and Ethyl Glucuronide (ETG) must be added to the standard urine drug screen.
 - d. Results of all drug screens must be negative. Refusal of a drug screen or a diluted drug screen is equivalent to a positive result. Any positive results, including those which may have resulted from ingestion of food,

but excluding false positives which resulted from medication legitimately prescribed, indicates a violation of the contract.

- e. In the event of a negative diluted screen, a hair sample test must be completed at the cost of Zachary Jones in a timeframe consistent with the drug lab's recommended policy, but in any event no later than 12 days after the negative diluted screen.
 - f. Zachary Jones must meet the daily check-in requirements of the testing center or check-in requirements as otherwise proscribed by the treatment monitor.
 - g. The intervener/sponsor shall submit reports to the Board, in a format acceptable to the Board, indicating drug screens and their results in a timely fashion. Actual copies of drug screens shall be made available to the Board upon request.
 - h. Attendance is required a minimum of three times per calendar week (Sunday through Saturday) on separate days, at an Alcoholics Anonymous, Narcotics Anonymous, and/or similar support group meeting.
 - i. The program shall immediately report to the Board any violations of the contract and/or lack of cooperation.
3. Zachary Jones shall not refuse an employer provided drug or alcohol screen. If the Board becomes aware of any positive drug or alcohol screen results that were obtained in the course of employment or any mechanism other than via the signed contract with ODMHAS, the Board shall treat these results as a violation of the Board's Order and request Zachary Jones reappear before the Board for possible additional sanctions, including and up to revocation of license.
4. Zachary Jones shall not refuse a breathalyzer or other drug testing requested by law enforcement during the duration of suspension. The Board shall treat any such refusal as a violation

of the Board's Order and request Zachary Jones reappear before the Board for possible additional sanctions, including and up to revocation of license.

5. Zachary Jones must immediately report any violation of the terms of this suspension to the Board by contacting legal@pharmacy.ohio.gov. Failure to self-report any violation shall be treated as a violation of this Board's Order and will subject Zachary Jones to possible additional sanctions, including and up to revocation of license.
6. Zachary Jones must demonstrate satisfactory proof to the Board that she/he is no longer addicted to or abusing liquor or drugs or impaired physically or mentally to such a degree as to render her unfit to practice pharmacy.
7. Zachary Jones must provide, in the reinstatement petition, documentation of the following:
 - a. Compliance with the contract required above (e.g.-proof of giving the sample within twelve hours of notification and copies of all drug and alcohol screen reports, meeting attendance records, treatment program reports, etc.);
 - b. Compliance with the continuing pharmacy education requirements set forth in 4729:1-5-02 of the Ohio Administrative Code as applicable and in effect on the date of petitioning the Board for reinstatement;
 - c. Compliance with the terms of this Order.
8. Once Zachary Jones' license to practice pharmacy is reinstated, Zachary Jones may **not** dispense medication to himself or his family during the period that his license to practice pharmacy remains on probation.
9. If reinstatement is not accomplished within **three years** of the effective date of the summary suspension, Zachary Jones must also show successful completion of the North American Pharmacist Licensure Examination (NAPLEX) and the Multistate

Pharmacy Jurisprudence Exam (MPJE), or an equivalent examination(s) approved by the Board.

10. Zachary Jones must provide continuing authorization for disclosure by the monitor and treatment provider (when applicable) to the Board, to treating and monitoring physicians, and to others involved in the monitoring process, of information necessary for those individuals to fulfill their duties.
11. When deemed appropriate by the Board, Zachary Jones must submit to a psychiatric evaluation, and, where appropriate, continued treatment acceptable to the Board.
12. Zachary Jones must obtain prior approval of the board or the board's probation committee of departures or absences in excess of ten days from the country. Periods of departure or absence shall not change the probationary term, unless otherwise determined by motion of the board or the board's probation committee. For absences of three months or longer, the board or its probation committee may toll the length of suspension, other than in instances where the board or its probation committee can be assured that monitoring is otherwise being performed.
13. Violation of any term of suspension, including but not limited to any violation of the contract signed with the treatment monitor and/or ODMHAS or other approved treatment provider may result in additional action before the Board up to and including revocation of your pharmacy license.
14. Any violation of Chapters 2925., 3715., 3719., 4729., of the Ohio Revised Code, any administrative code violation or a violation of any other state, federal, or local law will be considered a violation of this Order resulting in a hearing before the Board and may also result in criminal and/or administrative charges.
15. Periods during which Zachary Jones is not in compliance with all terms of suspension shall toll the length of time of suspension during which Zachary Jones was out of compliance. The minimum length of time each violation will toll the suspension term is available on the Board's website,

www.pharmacy.ohio.gov. The Board may implement additional disciplinary action in addition to or instead of tolling suspension.

16. If Zachary Jones' employment is related to the practice of pharmacy, Zachary Jones must provide copies of the board order or settlement agreement to all employers or prospective employers, all licensing authorities in which Zachary Jones holds a professional license or applies for a professional license, all persons who provide Zachary Jones chemical dependency treatment monitoring, and law enforcement and court personnel if Zachary Jones has court involvement, such as ILC, drug court or diversion, related the suspension, during the effective period of this order or agreement.
17. Failure to complete the terms set forth in this Board's Order, or to petition for reinstatement within five years of the date of this Order, may result in the Board issuing a notice of opportunity for hearing to consider additional disciplinary action, including and up to revocation of Zachary Jones' license.

Further, the Board hereby grants the State's Motion to Seal the Record in this matter including, but not limited to, all confidential patient health information contained in the record, specifically Respondent's Exhibit B.
