## **Prescriber Compounding Rules Effective 3/31/2021**

---

Effective March 1, 2021, new rules for prescriber compounding (Chapter 4729:7-3 of the Administrative Code) go into effect.

To assist licensees in complying with the new rule chapter, the Board recently published a prescriber compounding inspection guide, which may be accessed using the following link: [www.pharmacy.ohio.gov/PrescriberComp](http://www.pharmacy.ohio.gov/PrescriberComp). It is also available on the TDDD licensing page under the "Inspection Guide" header: <https://www.pharmacy.ohio.gov/Licensing/TDDD.aspx>

The inspection guide aligns with internal guidance used by Board inspectors and allows licensees to conduct self-inspections to ensure compliance. The guide also includes links to the new rules, important definitions, and reminders of when a licensee is required to submit notification or additional information to the Board.

To provide further guidance to licensees, the Board has opened comment/question period for the inspection guide. This comment period will be open until **January 31, 2021**. Following the conclusion of this comment period, the Board will review all comments and attempt to address or clarify any issues within the guide.
