Renewal Fees

Pharmacist licenses have transitioned to a biennial (two-year) cycle. All licenses that are successfully renewed will receive a two-year license with an expiration date of **September 15, 2023**.

The biennial renewal fee for a pharmacist license is **\$250.00** and the eLicense System Transaction Fee of \$3.50*. All renewal fees must be paid via Visa, Discover or MasterCard.

**The eLicense System Transaction Fee will be assessed on each license that is renewed in the eLicense Ohio system operated by the Ohio Department of Administrative Services. Licensing boards and commissions do not receive revenue from this fee. The transaction fee is nonrefundable.*

2021 Continuing Education Reporting Requirements

[Rule 4729:1-5-02](#) of the Ohio Administrative Code specifies the required minimum continuing education units (CEUs) pharmacists are required to obtain and aligns the reporting period to the biennial renewal cycle.

Specifically, pharmacists are required to obtain a minimum of 4.0 CEUs (40 hours) every two years prior to license renewal.

The following provides an overview of the Board's continuing education requirements:

- Any format (live, home study) is acceptable
- Minimum 40 hours (4 CEUs) total, which must include:
 - Minimum 2 hours medication errors/patient safety (ACPE -05)
 - Minimum 2 hours jurisprudence or law (ACPE -03) or Ohio Board of Pharmacy Approved Jurisprudence
 - **NOTE:** Only ACPE courses and CE from approved in-state providers (law and provision of volunteer healthcare services) are accepted. Some examples of courses that are not accepted include continuing medical education (CME) and continuing legal education (CLE).

IMPORTANT: Ohio-licensed pharmacists who hold a current license in states where continuing education is mandatory, have met the continuing pharmacy education requirements of that state, and who have not practiced pharmacy in Ohio **at any time** during the two years prior to the renewal date in which a pharmacist's license must be renewed, may renew their license without having to comply with the continuing education requirements.

Continuing education may be obtained from any of the following providers:

- An ACPE (Accreditation Council for Pharmacy Education) continuing education provider;
- An approved in-state provider of pharmacy jurisprudence programs; or
- An approved in-state provider of volunteer healthcare services.
- **NOTE:** Only ACPE courses and CE from approved in-state providers (law and provision of volunteer healthcare services) are accepted. Some examples of courses that are not accepted include continuing medical education (CME) and continuing legal education (CLE).

REMINDER: A pharmacist may satisfy continuing pharmacy education requirements by providing evidence at the time of renewal that the pharmacist has met the requirements of and is currently certified by one of the following Board approved pharmacy practice-specific specialty certification programs:

- Board of Pharmacy Specialties in Ambulatory Care Pharmacy
- Board of Pharmacy Specialties in Cardiology Pharmacy
- Board of Pharmacy Specialties in Compounded Sterile Preparations Pharmacy
- Board of Pharmacy Specialties in Critical Care
- Board of Pharmacy Specialties in Geriatric Pharmacy

- Board of Pharmacy Specialties in Nutrition Support Pharmacy
- Board of Pharmacy Specialties in Oncology Pharmacy
- Board of Pharmacy Specialties in Pediatric Pharmacy
- Board of Pharmacy Specialties in Pharmacotherapy

Pharmacists who meet the continuing education requirements via a Board approved pharmacy practice-specific specialty certification are still required to obtain the required CEUs in pharmacy law (2-hours) and patient or medication safety (2-hours) listed above.

Please review the continuing education guidance document, www.pharmacy.ohio.gov/CE for more information.

If you have any questions about these changes, please contact the Board via email at contact@pharmacy.ohio.gov.

Renewal Frequently Asked Questions

Will I receive a pocket-card which contains my license number and new expiration date?

No. Recent changes to Ohio law eliminated the need for the issuance of a pharmacist identification card (i.e., pocket card). All pharmacists who successfully renew will receive an email indicating the license renewal was processed successfully. Pharmacists may verify their renewed license at www.elicense.ohio.gov/oh_verifylicense. A printable version is available if a pharmacist wishes to have a paper copy.

Do I need to complete my continuing education (CE) prior to renewing?

Yes, pharmacists will be required to attest to completing the required continuing education for the 2021 renewal cycle on the renewal application. A pharmacist must complete all CE requirements prior to renewing to truthfully attest on the renewal application.

How do I retire my license?

Pharmacists who do not intend to renew their license should allow the license to lapse. Notification does not need sent to the Board. Pharmacists allowing their license to lapse will still receive communication about renewal requirements but can disregard those notices.
