Annual Controlled Substance Inventory Requirements

Updated 3/31/2020

In order to provide licensees added flexibility during the COVID-19 outbreak, the State of Ohio Board of Pharmacy has adopted the following guidance for compliance with annual controlled substance inventory requirements pursuant to rule [4729:5-3-07](#) of the Administrative Code.

This guidance is being issued in accordance with a Board resolution adopted on March 2, 2020.

For any annual controlled substance inventory that is required between March 2, 2020 and June 30, 2020, the Board hereby extends the date to obtain the annual inventory to August 1, 2020. The inventory must incorporate the additional months included as part of the extension period.
