

## Compounding Product Quality Reporting Form

**Updated 1/17/2025**

Pursuant to rules [4729:7-2-03](#) & [4729:5-8-04](#) of the Ohio Administrative Code, all pharmacies (both in-state and non-resident) must report to the Board of Pharmacy within seventy-two hours upon discovery any product quality issue attributed to a compounded drug preparation dispensed by the pharmacy.

**This form is only required to be submitted for a quality issue related to a compounded drug:**

- **Dispensed by an Ohio pharmacy regardless of whether the compounded drug is sold; OR**
- **Dispensed by a non-resident pharmacy to an Ohio patient.**

For the purposes of reporting, a product quality issue means any of the following:

- (1) Any incident that causes the compounded drug preparation or its labeling to be mistaken for, or applied to, another article;
- (2) Contamination of the compounded drug preparation, including but not limited to mold, fungal, bacterial, or particulate contamination; or
- (3) Any significant\* chemical, physical, or other change or deterioration of the dispensed compounded drug preparation within the compounded drug preparation's assigned beyond use date.

***NOTE: A product quality issue does not include an isolated allergic reaction to a substance included in a compounded drug preparation.***

**\*What is considered a significant chemical, physical, or other change or deterioration in the dispensed compounded drug preparation?**

To determine whether a chemical, physical, or other change or deterioration in the dispensed compounded drug preparation is significant, licensees should evaluate the potential impact of the change or deterioration on the drug's identity, strength, purity, stability, and efficacy and how that change or deterioration could impact an individual using the drug. Any such assessment should be based on factors specific to your distributed compounded drug preparation. These factors could include intended use, route of administration, dosage, length of treatment, and patient population.

**Submission Instructions**

This form can be used to report a single product quality issue. Please submit additional forms to report multiple product issues.

Completed forms must be sent via email to: [compliance@pharmacy.ohio.gov](mailto:compliance@pharmacy.ohio.gov)
