Dear Ohio Pharmacy Technician,

These changes were authorized by the Ohio General Assembly with the passage of the state's biennial budget (H.B. 96, 136th General Assembly). Please review this email to understand how these changes may impact your registration.

Renewal Reminders

All Registered and Certified Pharmacy Technician registrations must be renewed every two years. All Registered Technicians expire on March 31st of even years, and Certified Technicians expire on September 30th of even years. To maintain a valid registration, technicians must submit a renewal application and fee in the [eLicense Ohio system](#) by the expiration date listed on their registration.

Additional renewal requirements vary by license type:

A total of 10 contact hours of CE, with a minimum of 2 hours in pharmacy law/jurisprudence (ACPE-03) and 2 hours in patient safety/medication errors (ACPE-05) are required. Review additional CE guidance here: www.pharmacy.ohio.gov/TechCE.

Once renewed, the technician is required to maintain the national certification by renewing it with the certifying body (PTCB or NHA).

General Reminders

- Only applications or requests submitted on or after September 30, 2025 will be assessed the new fee amount, if applicable.
- Background checks (FBI and Ohio BCI) dated within 24 months are required for all new technician registration and reinstatement applications. Background checks are not
