

Board of Pharmacy

Action Required - Create NABP Account

Dear Ohio Registered Pharmacy Technician,

As a Registered Pharmacy Technician registered in the state of Ohio, you are required to obtain a free CPE Monitor account from the National Association of Boards of Pharmacy. This account is used to report and monitor the successful completion of ACPE approved continuing pharmacy education. All Registered Pharmacy Technicians are required to complete ten contact hours of continuing pharmacy education during the 24 months preceding the expiration date of their technician registration. More information on the continuing education requirements for renewal can be reviewed here – www.pharmacy.ohio.gov/TechCE.

According to NABP's records, you **have not created your CPE Monitor account**. Within 30 days of this notice, please obtain a CPE Monitor account with NABP and send your account number to the Board by replying to this email.

To create your free account, visit: <https://dashboard.nabp.pharmacy/#/login>.

For video instructions on creating an account, visit: <https://www.youtube.com/watch?v=d1bw7JF6F8>.

Failure to obtain a CPE Monitor account and earn the required continuing education may subject your registration to disciplinary action which may include monetary penalties.

If you have any questions, please email technician@pharmacy.ohio.gov.

People call, text, and chat the 988 Lifeline to talk about a lot of emotional needs—not just thoughts of suicide. Whatever your reason, the #988Lifeline is there to help. There is hope.

Ohio Board of Pharmacy
