DECISION OF THE BOARD

Pursuant to Section 3719.121 of the Ohio Revised Code, the State Board of Pharmacy hereby removes the Summary Suspension Order issued to Penny Anne Coons on May 5, 2012.

Further, after eighteen months from the effective date of this Order, the Board will consider any petition filed by Penny Anne Coons for a hearing, pursuant to Ohio Revised Code Chapter 119., for reinstatement. The Board will only consider reinstatement of the license to practice pharmacy in Ohio if the following conditions have been met:

(A) Penny Anne Coons must enter into a new contract, signed within thirty days after the effective date of this Order, with an Ohio Department of Alcohol and Drug

Addiction Services (ODADAS) approved treatment provider or a treatment provider acceptable to the Board for a period of not less than five years and, upon signing, mail a copy of the contract to the Board office. The contract must provide that:

(1) Random, observed urine drug screens shall be conducted at least once each month.

(a) The urine sample must be given within twelve hours of notification. The urine drug screen must include testing for creatinine or specific gravity of the sample as the dilutional standard.

(b) Alcohol must be added to the standard urine drug screen. A Breathalyzer may be used to test for alcohol, but the test must be conducted by an appropriately certified individual within twelve hours of notification.

(c) Results of all drug and alcohol screens must be negative. Refusal of a drug screen or a diluted drug screen is equivalent to a positive result. Any positive results, including those which may have resulted from ingestion of food, but excluding false positives which resulted from medication legitimately prescribed, indicates a violation of the contract.

(2) Attendance is required a minimum of three times per calendar week (Sunday through Saturday), at an Alcoholics Anonymous, Narcotics Anonymous, and/or similar support group meeting.

(3) The program shall immediately report to the Board any violations of the contract and/or lack of cooperation.

(B) Penny Anne Coons must demonstrate satisfactory proof to the Board that she is no longer addicted to or abusing drugs or impaired physically or mentally to such a degree as to render him unfit to practice pharmacy.

(C) Penny Anne Coons must provide, at the reinstatement petition hearing, documentation of the following:

(1) Compliance with the contract required above (e.g.-proof of giving the sample within twelve hours of notification and copies of all drug screen reports, meeting attendance records, treatment program reports, etc.);

(2) Compliance with the continuing pharmacy education requirements set forth in Chapter 4729-7 of the Ohio Administrative Code as applicable and in effect on the date of petitioning the Board for reinstatement;

(3) Compliance with the terms of this Order.

(D) If reinstatement is not accomplished within three years of the effective date of this Order, Penny Anne Coons must also show successful completion of the NAPLEX and MPJE examinations or equivalent examinations approved by the Board.

Upon such time as the Board may consider reinstatement, Penny Anne Coons will be afforded a Chapter 119. hearing. At such time, the Board may consider reinstatement with or without restrictions and/or conditions as the Board deems appropriate under the circumstances.
