Khyle Wai-Yee Dutkiewicz-Wilson, pursuant to Rule 4729:1-1-01(T) of the Ohio Administrative Code, may not be employed by or work in a facility licensed by the State Board of Pharmacy to possess or distribute dangerous drugs during such period of suspension.

Further, after twelve months from the effective date of this Order, the Board will consider any petition filed by Khyle Wai-Yee Dutkiewicz-Wilson for a hearing, pursuant to Ohio Revised Code Chapter 119., for reinstatement. 2. Khyle Wai-Yee Dutkiewicz-Wilson must enter into and adhere to the terms of a new contract, signed within thirty days after the effective date of this Order, with a Board approved treatment monitor for a period of not less than five years and, upon signing, submit a copy of the contract to the Board office.  - e. In the event of a negative diluted screen, a hair sample test must be completed at the cost of the Khyle Wai-Yee Dutkiewicz-Wilson in a timeframe consistent with the drug lab's recommended policy, but in any event no later than 12 days after the negative diluted screen.

 5. Khyle Wai-Yee Dutkiewicz-Wilson shall not refuse a breathalyzer or other drug testing requested by law enforcement during the duration of suspension. 7. Khyle Wai-Yee Dutkiewicz-Wilson must demonstrate satisfactory proof to the Board that she/he is no longer addicted to or abusing liquor or drugs or impaired physically or mentally to such a degree as to render her unfit to practice pharmacy.

12. Khyle Wai-Yee Dutkiewicz-Wilson must obtain prior approval of the board or the board's probation committee of departures or absences in excess of ten days from the country. Periods of departure or absence shall not change the probationary term, unless otherwise determined by motion of the board or the board's probation committee. For absences of three months or longer, the board or its probation committee may toll the length of suspension, other than in instances where the board or its probation committee can be assured that monitoring is otherwise being performed.
13. Violation of any term of suspension, including but not limited to any violation of the contract signed with the treatment monitor and/or ODMHAS or other approved treatment provider may result in additional action before the Board up to and including revocation of your pharmacy license.

14. Any violation of Chapters 2925., 3715., 3719., 4729., of the Ohio Revised Code, any administrative code violation or a violation of any other state, federal, or local law will be considered a violation of this Order resulting in a hearing before the Board and may also result in criminal and/or administrative charges.
15. The minimum length of time each violation will toll the suspension term is available on the Board's website, www.pharmacy.ohio.gov. The Board may implement additional disciplinary action in addition to or instead of tolling suspension.

FINDINGS OF FACT

After hearing the testimony, observing the demeanor of the witnesses, considering the evidence, and weighing the credibility of each, the Board finds the following to be fact:

1. On or about June 1, 2021, during a Board-inspection, Board agents discovered that White Oak Pharmacy was storing and administering Janssen COVID-19 vaccines in temperatures that were outside the manufacturer's prescribed range of 36 to 46 degrees Fahrenheit and those vaccines had been administered to sixteen patients. Specifically, temperature logs from April 14, 2021, through June 1, 2021, identified that the pharmacy's refrigerator which contained the Janssen COVID-19 vaccines was too cold for all days during that period, except two, with the lowest temperature logged at 20 degrees Fahrenheit. As a result, the Ohio Department of Health ordered that forty vials of Janssen COVID-19 vaccines on-hand at the pharmacy that day needed to be destroyed.

2. From on or about April 6, 2021, through May 5, 2021, David Drayer accessed the former Responsible Person's (Thomas Glazier) Controlled Substance Ordering System ("CSOS") account to place orders on behalf of White Oak Pharmacy for Schedule II-V controlled substances, or David Drayer allowed technicians working at the pharmacy to do so. FINDINGS OF FACT

After hearing the testimony, observing the demeanor of the witnesses, considering the evidence, and weighing the credibility of each, the Board finds the following to be fact:

1. On or about December 14, 2022, the Board was notified by Stephen Marcum's employer, that while employed as a pharmacist at Walgreens Pharmacy, located at 57 W Main Street, Amelia Ohio, he was seen on video on or about November 18, 2022 processing fraudulent prescription #1550685, which was written for 120 amphetamine/dextroamphetamine ER 30 mg capsules.
2. Investigation revealed between on or about November 21, 2020 and December 26, 2022, while working as a pharmacist, Stephen Marcum created 75 fraudulent prescriptions for controlled substances, as set forth in Attachment A, attached hereto and incorporated as though fully set forth herein. Upon review of the fraudulent prescriptions, the following was discovered:
 - a. The controlled substances he illegally processed prescriptions for include: amphetamine/dextroamphetamine salts (various strengths) (a Schedule II controlled substance), hydrocodone/APAP 5/325 (a Schedule II controlled substance), alprazolam 1 mg (a Schedule IV controlled substance), and diazepam 5 mg (a Schedule IV controlled substance).
 - b. The prescriptions are attached to fraudulent patient profiles he created while employed as a pharmacist with access to the pharmacies' internal software.
 - i. All patient profiles used are fictitious, except for one that includes a real patient name/patient information, Patient 1. The prescriptions for Patient 1 are fraudulent and were not authorized by the prescriber listed.
 - c. Each of the prescribers listed on the fraudulent prescriptions confirmed the patient is not one of their patients and they did not issue the prescription, despite being listed as the prescriber.
 - d. Each of the prescriptions was filled, dispensed, and picked up from a CVS or Walgreens location. The prescriptions were filled by Stephen Marcum, while he was working as a pharmacist, or dropped off at a pharmacy where he was not employed at the time.
 - e. The fraudulent prescriptions were illegally processed at 27 separate stores. Stephen Marcum currently- or had previously been- a floater pharmacist at each of the stores when they were processed.
3. On or about December 29, 2022, Stephen Marcum was interviewed by agents of the Board. He admitted the following:

- a. "Clearly I've been addicted to Adderall for a long time."
 - b. He made up patient information on the prescriptions he passed. He did not realize Patient 1 was a real person; he does not know how he got her information.
 - c. He could not sleep because of all the Adderall he ingested so he created a prescription for alprazolam. He took the alprazolam and drank alcohol to help his insomnia.
 - d. He used information of multiple doctors to create the fraudulent prescriptions. He did so without authorization and he signed their names without permission.
 - e. He took the medications for personal use.
 - f. He created the prescription for Norco (hydrocodone/APAP) because he took a spill and did not want to seek treatment.
 - g. He ingested four capsules prior to his shift (as a pharmacist) and one capsule on his lunch break.
4. After the conclusion of the interview, Stephen Marcum took the agents to his car. He removed an unlabeled vial containing capsules and handed it to the agents. The capsules included 12 amphetamine/dextroamphetamine XR 25 mg and two amphetamine/dextroamphetamine XR 30 mg.

DECISION OF THE BOARD

Pursuant to Section 3719.121 of the Ohio Revised Code, the State Board of Pharmacy hereby removes the Summary Suspension Order issued to Stephen Marcum on January 5, 2024.

Pursuant to Section 4729.16 of the Ohio Revised Code, and after consideration of the record as a whole, the State Board of Pharmacy hereby suspends indefinitely the pharmacist license no. 03-335238 held by Stephen Marcum and such suspension is effective as of the date of the mailing of this Order.

Stephen Marcum, pursuant to Rule 4729:1-1-01(T) of the Ohio Administrative Code, may not be employed by or work in a facility licensed by the State Board of Pharmacy to possess or distribute dangerous drugs during such period of suspension.

Further, after five months from the effective date of this Order, the Board will consider any petition filed by Stephen Marcum for a hearing, pursuant to Ohio Revised Code Chapter 119., for reinstatement. The Board will only consider reinstatement of the license to practice pharmacy in Ohio if the following conditions have been met:

1. Stephen Marcum must maintain a current address with the Board throughout the duration of the suspension.

2. Stephen Marcum must enter into and adhere to the terms of a new contract, signed within thirty days after the effective date of this Order, with a Board approved treatment monitor for a period of not less than five years and, upon signing, submit a copy of the contract to the Board office. Stephen Marcum should also submit to the Board documentation demonstrating compliance with an Ohio Department of Mental Health and Addiction Services (ODMHAS) treatment provider, if applicable. Failure to adhere to the terms of the treatment contract and/or monitoring contract will be considered a violation of the Board's Order and subject Stephen Marcum to potential sanctions up to and including revocation of license. The monitoring contract must provide that:
 - j. Random, observed urine drug screens shall be conducted at least once each month.
 - k. The urine sample must be given within twelve hours of notification. The urine drug screen must include testing for creatinine or specific gravity of the sample as the dilutional standard.
 - l. Alcohol and Ethyl Glucuronide (ETG) must be added to the standard urine drug screen.
 - m. Results of all drug screens must be negative. Refusal of a drug screen or a diluted drug screen is equivalent to a positive result. Any positive results, including those which may have resulted from ingestion of food, but excluding false positives which resulted from medication legitimately prescribed, indicates a violation of the contract.
 - n. In the event of a negative diluted screen, a hair sample test must be completed at the cost of Stephen Marcum in a timeframe consistent with the drug lab's recommended policy, but in any event no later than 12 days after the negative diluted screen.
 - o. Stephen Marcum must meet the daily check-in requirements of the testing center or check-in requirements as otherwise proscribed by the treatment monitor.
 - p. The intervener/sponsor shall submit reports to the Board, in a format acceptable to the Board, indicating drug screens and their results in a timely fashion. Actual copies of drug screens shall be made available to the Board upon request.
 - q. Attendance is required a minimum of three times per calendar week (Sunday through Saturday) on separate days, at an Alcoholics Anonymous, Narcotics Anonymous, and/or similar support group meeting.
 - r. The program shall immediately report to the Board any violations of the contract and/or lack of cooperation.

3. Stephen Marcum shall not refuse an employer provided drug or alcohol screen. If the Board becomes aware of any positive drug or alcohol screen results that were obtained in the course of employment or any mechanism other than via the signed contract with ODMHAS, the Board shall treat these results as a violation of the Board's Order and request Stephen Marcum reappear before the Board for possible additional sanctions, including and up to revocation of license.
4. Stephen Marcum shall not refuse a breathalyzer or other drug testing requested by law enforcement during the duration of suspension. The Board shall treat any such refusal as a violation of the Board's Order and request Stephen Marcum reappear before the Board for possible additional sanctions, including and up to revocation of license.
5. Stephen Marcum must immediately report any violation of the terms of this suspension to the Board by contacting legal@pharmacy.ohio.gov. Failure to self-report any violation shall be treated as a violation of this Board's Order and will subject Stephen Marcum to possible additional sanctions, including and up to revocation of license.
6. Stephen Marcum must demonstrate satisfactory proof to the Board that she/he is no longer addicted to or abusing liquor or drugs or impaired physically or mentally to such a degree as to render her unfit to practice pharmacy.
7. Stephen Marcum must provide, in the reinstatement petition, documentation of the following:
 - a. Compliance with the contract required above (e.g.-proof of giving the sample within twelve hours of notification and copies of all drug and alcohol screen reports, meeting attendance records, treatment program reports, etc.);
 - b. Compliance with the continuing pharmacy education requirements set forth in 4729:1-5-02 of the Ohio Administrative Code as applicable and in effect on the date of petitioning the Board for reinstatement;
 - c. Compliance with the terms of this Order.

If reinstatement is not accomplished within three years of the effective date of the Summary Suspension, Stephen Marcum must also show successful completion of the North American Pharmacist Licensure Examination (NAPLEX) and the Multistate Pharmacy Jurisprudence Exam (MPJE), or an equivalent examination(s) approved by the Board.
9. Stephen Marcum must provide continuing authorization for disclosure by the monitor and treatment provider (when applicable) to the Board, to treating and monitoring physicians, and to others involved in the monitoring process, of information necessary for those individuals to fulfill their duties.

10. When deemed appropriate by the Board, Stephen Marcum must submit to a psychiatric evaluation, and, where appropriate, continued treatment acceptable to the Board.
11. Stephen Marcum must obtain prior approval of the board or the board's probation committee of departures or absences in excess of ten days from the country. Periods of departure or absence shall not change the probationary term, unless otherwise determined by motion of the board or the board's probation committee. For absences of three months or longer, the board or its probation committee may toll the length of suspension, other than in instances where the board or its probation committee can be assured that monitoring is otherwise being performed.
12. Violation of any term of suspension, including but not limited to any violation of the contract signed with the treatment monitor and/or ODMHAS or other approved treatment provider may result in additional action before the Board up to and including revocation of your pharmacy license.
13. Any violation of Chapters 2925., 3715., 3719., 4729., of the Ohio Revised Code, any administrative code violation or a violation of any other state, federal, or local law will be considered a violation of this Order resulting in a hearing before the Board and may also result in criminal and/or administrative charges.
14. Periods during which Stephen Marcum is not in compliance with all terms of suspension shall toll the length of time of suspension during which Stephen Marcum was out of compliance. The minimum length of time each violation will toll the suspension term is available on the Board's website, www.pharmacy.ohio.gov. The Board may implement additional disciplinary action in addition to or instead of tolling suspension.
15. If Stephen Marcum's employment is related to the practice of pharmacy, Stephen Marcum must provide copies of the board order or settlement agreement to all employers or prospective employers, all licensing authorities in which Stephen Marcum holds a professional license or applies for a professional license, all persons who provide Stephen Marcum chemical dependency treatment monitoring, and law enforcement and court personnel if Stephen Marcum has court involvement, such as ILC, drug court or diversion, related the suspension, during the effective period of this order or agreement.
16. Failure to complete the terms set forth in this Board's Order, or to petition for reinstatement within five years of the date of this Order, may result in the Board issuing a notice of opportunity for hearing to consider additional disciplinary action, including and up to revocation of Stephen Marcum's license.

Further, the Board hereby grants the State's Motion to Seal the Record in this matter including, but not limited to, all confidential patient health information contained in the record, specifically State's exhibits: 1(b), 2, 8, 12, and 18.
