

List of Summary Suspensions of Terminal Distributors of Dangerous Drugs (TDDD's)

Updated 7/25/2025

Pursuant to Section [4729.571\(A\)\(1\)](#) and [\(A\)\(2\)](#) of the Ohio Revised Code, the Ohio Board of Pharmacy has the authority to suspend a TDDD's license without a hearing if it determines there is clear and convincing evidence of a danger of immediate and serious harm to others due to either: (1) the method used by the terminal distributor to possess or distribute dangerous drugs; or (2) the method of prescribing dangerous drugs used by a licensed health professional authorized to prescribe drugs who holds a terminal distributor license or practices in the employ of or under contract with a terminal distributor.

The following is a list of TDDD licenses that have been suspended by the Ohio Board of Pharmacy. If you want to look up a specific license's status with the Board, step-by-step instructions for using the [eLicense Ohio Look-Up](#) feature start on [page 3](#) of this document. **(NOTE:** Some licenses have been reinstated or surrendered following suspension. Note: When searching for a licensee or certificate holder it is recommended to start by selecting the Board and enter the name or partial name of the licensee. If you are unsure on the spelling of a name, you can search using a % as a wildcard (ex. A search with "BR%" in last name could return last name results such as Brown, Brady, Britton). It is crucial that any information entered matches precisely how it's stored in the system; otherwise, the individual you're seeking might not be located. The entry of more search criteria will help to narrow down your search results.
